01

Our mission

Sound Mute is a leading company specialized in soundproofing services, studio and cinema isolation, homes, factories, universities, and sound processing services for meeting rooms, private halls, studios, and radios. Thanks to years of experience in the industry, we have established ourselves as a trusted name in creating an ideal sound environment for various settings.

02

Our vision

We envision a world where sound is harnessed, controlled, and improved to enhance human experiences. Our vision is to be at the forefront of the soundproofing and sound processing industry, constantly pushing boundaries and setting new standards for excellence. We aim to create healthy environments that promote productivity, creativity, and well-being.

03

Projects

Over the years, we have successfully completed many projects that have significantly improved the sound environments for our clients. Some of our notable projects include building modern recording studios, soundproofing commercial office spaces, sound processing for halls, and creating immersive cinema experiences. Our portfolio showcases our expertise and successful results for a diverse range of clients.

04

Our services

Soundproofing Service

We provide top-notch soundproofing solutions for various spaces, including residential, commercial, and industrial areas. Our team of experts uses advanced techniques and high-quality materials to effectively reduce noise transmission and create sound environments.

Soundproofing Studios, Cinemas, and Homes

Studio Isolation, Cinema, and Homes: We have a specialized team of professionals who are experts in isolating studios, cinemas, and homes to the latest standards. From site survey to final execution, we ensure that each project meets the highest quality and performance standards.

Acoustic Treatment Service

Our acoustic treatment service focuses on improving sound quality in meeting rooms, halls, and studios. We use the latest technologies and sound-absorbing materials to create balanced sound experiences.

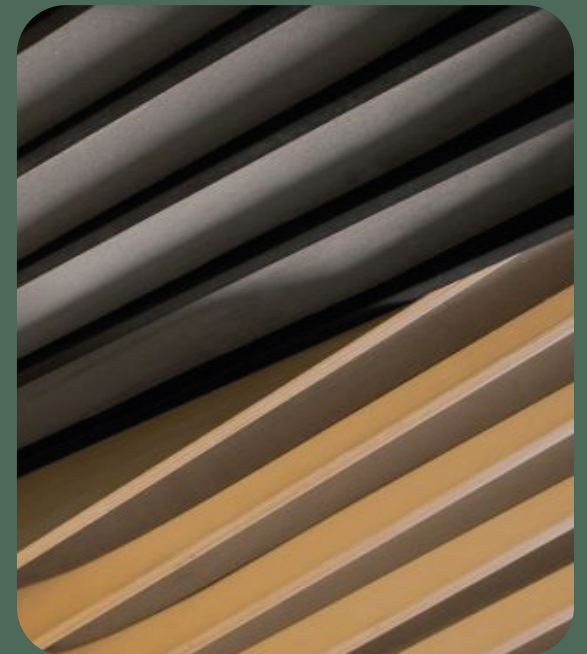

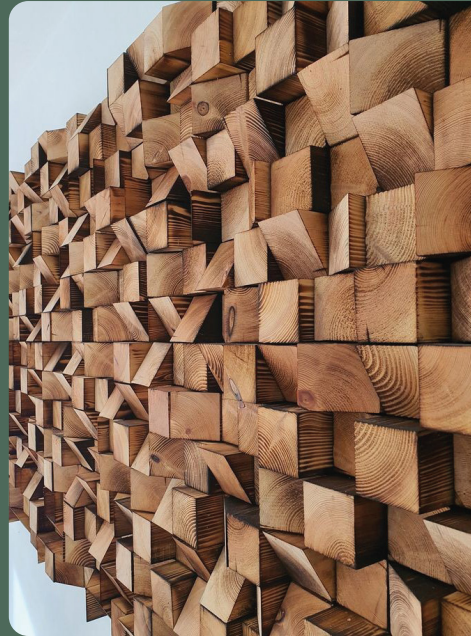

05

Our products

In addition to our services, we offer a range of high-quality soundproofing and sound processing products. These include soundproof panels, acoustic foam, soundproof doors and windows, and other innovative solutions designed to meet our customers' diverse needs.

Our board

Man was created to worship God Almighty, God has made us a reason to prepare for humanity calm so that worship takes place in reverence

CEO

"In a world that grows louder every day, we have chosen to be a source of calm... We don't isolate sound, we restore peace of mind."

Mr. Mustafa Amin
General Manager of the Company

My mission in this company and in life in general is to travel all over the world to explore. Did you know that in the end, the quietest country in the world is Iceland

Mr: Mohamed gohar
External Relations and Shipping

In my careers through the world of sound insulation, I never imagine that we would reach that we are isolating the quiet

Eng: eslam Fares
Senior Audio Expert

What if this blessing in our lives was not the blessing of tranquility and isolation from the world of noise, you look at it as a profession, and we look at it as a blessing that we must benefit humanity

Eng Abdullah Alsatouhi
Head of construction

I have been working in this company for more than five years, and we always train to wake up early because this is one of the success factors and we are forced to put the alarm clock near the sleeping bed, although I work in the largest sound insulation companies in the Arab world, but I wish that this alarm clock could be isolated, and I know that they are able to do so

Ms: Nourhan Mohamed
Reception manager

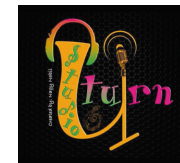

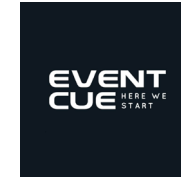

The importance of sound at the end of the world. We will die once and be resurrected once because of the sound, which is the trumpet or the blowing of images. I wonder how powerful this sound is in hertz

Ms : Walaa Samir
HR
